

Loneliness

*I am so lonely in this world no friends or family I sit a lone
and wonder who I am and why we are hear at all.*

*A young boy comes by and says to me don't cry and look
so sad.*

*Is the world really so bad of you look around there is lots
of goodness to see.*

*So go out and help someone, give a smile and say hello and
then you will help the goodness to grow and grow for thoughts
are seeds so go out ant plant the seeds of goodness for all the
world to see.*
